

WHAT'S ON

BUILDING BLOCKS

UCSI University will be the venue sponsor for the First Lego League Malaysia Open Championship 2013, a robotics competition designed to get children excited about science and technology while teaching them valuable life and employment skills.

Themed Senior Solutions, students aged 9 to 16 years will compete to find ways to improve the lives of the elderly.

Organised by Sasbadi Sdn Bhd in partnership with Lego, the winner of the championship will represent the country in the FIRST World Festival 2014 to be held in St Louis, Missouri.

Lego Likes a mini Lego building competition will also be held in conjunction with FLL Malaysia.

The competition, is open to the public and will see participants build their most creative Lego structures in 20 minutes.

The top three structures with the most "Like" on Facebook will win prizes sponsored by LEGO Education.
