## Fashion Stars

THE INSTITUTE OF CREATIVE ART & Design of **UCSI UNIVERSITY** showcased fabulous outfits designed by the students themselves, during their graduation fashion show held at the National Textile Museum. The creative and well executed designs produced by the students show promise that Malaysia's fashion industry can reach international standards by providing creative courses such as the ones at UCSI as well as opportunities for the students to showcase their work. The event ended with a wonderful singing performance and invited guests were later treated to cupcakes and refreshments.
