

UCSI Hosted the 3rd National Counselling Conference (NCC)

As an effort to help youth suffering from mental disorders, UCSI's Student Development & Counselling Department organised its 3rd installment of the National Counselling Conference (CNN). It was participated by over 200 personnel from counselling and education fields including the Ministry of Education Malaysia, National Population and Family Development Board Malaysia (LPPKN) and many other professional bodies. The objective of the conference was to empower people to help young people struggling with mental issues.
