

UCSI is recognised as RCE

KUALA LUMPUR: UCSI University has become the first private university in Malaysia to be recognised as a Regional Centre of Expertise (RCE) by the United Nations University (UNU).

Its Sarawak campus distinguished itself through the efforts of staff and students in championing six United Nations Sustainable Development Goals (SDG): Quality Education, Clean Water and Sanitation, Sustainable Cities and Communities, and Life on Land.

"This global acknowledgement is the culmination of the hard work put in to impact communities, change outcomes, maintain an ecological balance and raise public awareness on the importance of sustainability," said UCSI vice-chancellor and president, Professor Datuk Dr Khalid Yusoff.
